Minneapolis, MN 55441

Dear Mr. Gerbec:

Enclosed is a CD with the 1980-2001 Theodore Roosevelt National Park sulfur dioxide data you requested. The CD contains the following three files: (1) AIRS RD format.txt; (2) TRNP SO2 80-01 micrograms.data; and (3) TRNP SO2 80-01 ppb.data. The AIRS RD format.txt file describes the layout of the two data files. The data is provided in both parts per billion (ppb) and micrograms per cubic meter ($\mu\text{g}/\text{m}^3$). This gives the modelers the option to choose whichever units are most appropriate for their use.

If you have any questions about the data or the format, please feel free to contact me at 701-328-5188.

Sincerely,

A handwritten signature in cursive script that reads "Daniel E. Harman".
